Let us know you saw our ad on PowerSportClassifieds.com! 2018 Can-Am Maverick X3 MAX X rs TURBO R THIS IS A MINT NEARLY NEW, TRADE IN! BUY THIS MAVERICK MAX TURBO R AND BYPASS FREIGHT SETUP ASSEMBLY! SAVE THOUSANDS! FURIOUSLY SMART This is the world's first factory 72-in wide side-by-side vehicle now with Smart-Lok technology**, 22-in of suspension travel, and advanced FOX Racing components, it stretches the X3's staggering all-terrain speed to three other willing adventurers. Features may include:

- 72-in width for ultimate performance
- LANDSCAPE MODE Punching out the wheels just a bit more gives performance a staggering improvement, not to mention creates the world's first factory 72-in wide side-by-side vehicle. With 22-in of suspension travel and advanced FOX Racing components, it stretches the X3 MAX X rs abilities far beyond expectations.
- Industry leading 172 hp turbocharged and intercooled Rotax ACE engine
- THRILLING POWER Meet the king of side-by-side engines, the precision-engineered, industry-leading triple-cylinder Rotax ACE engine. Its 172 horsepower at 7,250 RPM and 124 lb-ft of torque at 6,500 RPM give searing speed, no matter the terrain. Tell your friends: 0-60 MPH in just 4.4 seconds*.
- A revolution in all-terrain traction
- THE SMART-LOK EDGE For next-level traction to conquer the roughest terrain, Can-Am-exclusive Smart-Lok* technology is the new benchmark. A true full lockable on-the-fly front differential with electronically-controlled automatic modes, or with the simple press of a button that offers preset, intelligent calibrations for your type of riding. Using multiple input sources, "Smart mode will instantaneously engage locking with the right load at the right moment. Never before have riders been given maximum traction while retaining low-speed maneuverability, allowing optimal placement and a feeling of confidence that allows for the Maverick X3 MAX X rs to be unleashed sooner than ever.
- Advanced airflow dynamics
- WIND THAT WORKS With an intake and exhaust tuned to maximise power, efficiency, and throttle response, the Can-Am Maverick X3 MAX will never be starved for performance. Three oversized, out-of-the-way intakes feed the engine and the CVT with clean air and keep temperatures low, with a sport exhaust out back to let the Rotax ACE engine roar.
- Wide, strong, lightweight chassis
- CLEVERLY CAGED Our engineers are rightfully proud that the Maverick X3 MAX features an ultralight, rigid chassis made of state-of-the-art Dual-Phase 980 steel. Not only is it strong enough to allow the suspension to do its magic, it's the most efficient way to both harness 172 horsepower and keep your passengers on lock.
- QRS-X transmission
- NO TORQUE INTERRUPTION A compact, high-performance QRS-X CVT has been calibrated to work with the turbo to virtually eliminate lag, without shifting or torque interruption to slow you down. Its large drive a long, wide, and thick belt is our most robust three-roller pulley design yet.
- TTX suspension with industry-leading travel
- SUSPEND

BELIEFBRP’s four-link TTX suspension with up to 22-in of travel features a trophy truck-like trailing arm and three links dedicated to controlling camber while delivering optimal geometry at all times, even during extended wheel travel. The result? Unparalleled power transfer to wheels, virtually no bump steer, precise steering response, and more confidence at higher speeds.

Overview

Purpose: Sale	Type of PowerSport: SxS	State: Washington
City: Enumclaw	Zip code: 98022	Sale price: \$26999
Ownership: Agent	Model: Can-Am Maverick X3 MAX X Turbo	Year: 2018
Fuel type: Gas	Engine power: 172 HP	Condition: Used
Color: Gray / Black
